Dear Congressman Banks and Senator Scott,

I write on behalf of the more than 2.3 million members of AMAC - Association of Mature American Citizens, to offer our organization's support for the *Save Democracy Act*.

Congressional Democrats are attempting an unprecedented takeover of federal elections to ensure that their candidates win in perpetuity. Your very timely legislation serves to counter their actions and restore integrity to our elections.

By focusing on voter registration, ballot casting and ballot counting, your bill works to prohibit or reform the current practices that weaken the security, oversight, and administration of elections for federal office.

The AMAC membership has been very vocal in their desire to reform the election process. They are greatly concerned about the allegations of fraud regarding last November's general election and have made election integrity one of our top legislative priorities.

Thank you, Congressman Banks and Senator Scott, for hearing the concerns of AMAC members and proposing common-sense legislation that strengthens our precious right to vote. We are pleased to offer our association's full support for the *Save Democracy Act*.

Sincerely,

A handwritten signature in black ink that reads "Bob Coulston".

President, AMAC Action
