The Honorable Tom Cotton  
Senator from Arkansas  
326 Russell Senate Office Building  
Washington, DC 20510

Dear Senator Cotton,

On behalf of the 2.2 million members of AMAC – the Association of Mature American Citizens, including over 25,000 residing in Arkansas, I write to offer our support for S.4703 – The “Securing America’s Land from Foreign Interference Act.”

Allowing foreign governments and foreign individuals to purchase land within our borders is not only a matter of national security but at a deeper, fundamental level, it is a matter of continued primacy of our national sovereignty. In allowing foreign powers to acquire American land, full property rights are conveyed to non-citizens whose intent may be to harm our nation and erode our sovereignty.

Over the course of decades, the Chinese Communist Party (CCP) has begun to exert its influence and ideology over our nation, and others, by purchasing property and ensuring its availability for potentially nefarious ends, including the imposition of a strong communistic influence on the culture of freedom loving Americans. This cannot be allowed to continue. The CCP cannot be allowed to prevail in this slow, cold, and hostile takeover of our valuable resources. Allowing the CCP to continue acquiring sovereign American soil constitutes an existential threat to our nation and way of life.

Your bill, should it become law, will ensure our continued viability as a nation; help America stay American, protect our future, and preserve our God given rights to life, liberty, and the pursuit of happiness for the people of the United States of America.

AMAC thanks you, Senator Cotton, for your vision and proactive leadership in introducing this important legislation to protect our country from foreign interference in our future.

Sincerely,

A handwritten signature in black ink that reads "Bob Caliton".

President
